PORTRAIT PHOTOGRAPHERS

## Graduation Photos:

One of our most popular options is our complimentary Graduation Photos. You will receive an email from us around September, asking if you would like to arrange graduation portraits with us!

## Family Portraits:

We also offer gorgeous professional studio family portraits for schools, childcare and other organizations. These can be run as a fundraiser or simply as an additional service for families.

Visit our website for more information:

[www.BorderStudios.com.au](http://www.BorderStudios.com.au)

## How It Works

### Today:

Contact us to choose your preferred dates.

### 6 weeks before the shoot:

We will deliver your order envelopes and posters.

### 3-5 days before the shoot:

We will request a current roll so we can enter the information into our specially developed management software, ensuring smooth running and efficient photo days.

### Photography Days:

We usually start shooting at 8:30am, but we choose a time to suit you. We're usually finished by the time the children have lunch, or sometimes even earlier. Pre-paid orders are due on the first day of photography.

### 1-5 days after photography:

Proofs are ready for you to check names are all correct.

### 1-2 weeks after photography:

Prints are delivered and ready for families to collect from the centre!

### Ongoing:

Families can continue to place orders for prints or digital files online at any time. A small (\$5-\$10) late order fee will apply after the final day of photography.

## TESTIMONIALS AND REVIEWS

"Affordable prices and easy to navigate through different packages! I think it's great!! :)"  
- Naina (Parent)

"Border Studios have taken our Kindy photos for the past two years and I can't recommend them highly enough. Their photographers are friendly, patient and highly professional, always striving for the best shot. They are so organised and make Kindy Photo Day a breeze!"  
- Bindi (Director)

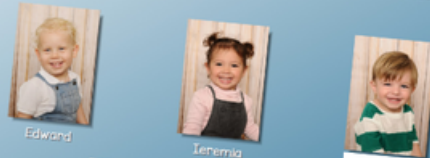

"Always lovely people and fantastic at getting my lil one to enjoy himself!"  
- Kiara (Parent)

"Border Studios were a pleasure to deal with. They were professional and their customer service exceeded my expectations."  
- Justine (Parent)

"The ladies that came to take the photos were so prepared with props and ideas as to how to best relate to children so they felt comfortable having their photo taken. We never felt as though we were rushed, and children who were shy or unsure were never pressured or left to feel uncomfortable. The photos were back within two weeks and the families love them!"  
- Tara (Director)
